

# THINKPLANTS®

Think Quality.  
Think Supply Chain.  
Think Perennials.

UNEX Inc. exports high-quality perennials grown and cultivated in the Netherlands. They work with top-quality producers of perennial bare root products such as Astilbe, Hosta, Peony, GAV lilies, and Hemerocallis. UNEX is known for its hands-on approach with Dutch growers and their skilled expertise in the storage, packing, and shipping of bare root products to the North American market.

At their location in the Netherlands, UNEX has over 50,000 square feet of warehouse space for storing, grading, and packing bulbs and perennials. The storage rooms are designed to keep the products in optimal climate conditions during all seasons. Additionally, their Hartford, Michigan facility contains 30,000 square feet of warehouse and office space. The warehouse has temperature-controlled and ventilated coolers to support storage and shipment needs.

ThinkPlants participants represent a dedicated team, including plant breeders and other horticulture experts, seamlessly connected to a supply chain. This gives ThinkPlants an innovative plant offering for consumers and the North American Nursery industry. ThinkPlants offers growers an unrivaled commitment to breeding a diverse mix of improved plant genetics, with a healthy supply chain of top quality URC, bareroot and liners, along with a true sense of transparency between grower and supplier.

Some of the varieties may be protected under one or more of the following: Plant Variety Protection, United States Plant Patents, Utility Patents and/or Plant Breeders Rights and may not be propagated or reproduced without authorization. All other trademarks displayed or otherwise used herein are the property of their respective owners.
